OPPORTUNITIES FOR HISTORIC RESTORATION & REUSE

1. The Gardener’s Cottage: a picturesque gothic structure, now in use as a garden gift shop, was designed by prominent local architect, famous for its Gothic Revival style. The heritage of its former garden setting and the visible masonry that retains the form and texture of a Tudor Revival style is still apparent. The Cottage, with its open porch, serves as a reminder of the role that these structures have played in fostering the growth of community organizations, businesses, and cultural events.

2. Clifton Park Vertical Garden: a vertical garden designed to incorporate native species and create a visual barrier between the park and the surrounding neighborhood. The garden features a variety of plant species, including flowers, herbs, and vegetables, that provide color and texture throughout the seasons.

3. Lake Montebello: a 500-acre lake that provides opportunities for fishing, boating, and swimming. The lake is connected to Lake Clifton Reservoir, which serves as a source of water for the city. The water quality and ecosystem of the lake are managed by the Department of Public Works and the Department of Recreation and Parks.

4. Lake Clifton Reservoir: a large impoundment that serves as a source of water for the city and the surrounding area. The reservoir provides opportunities for fishing, boating, and water sports, and is an important source of water for the city's water supply system.

5. Clifton City Farm: a community garden that provides fresh produce to local schools and community centers. The farm is a hub of activity throughout the year, hosting events such as festivals, workshops, and community meetings.

6. Baltimore Community Foundation: a philanthropic organization that supports the city’s nonprofit organizations and community initiatives. The foundation offers a variety of resources and programs to support community development and social change.

7. Baltimore Green Map: a comprehensive resource for environmental and educational information, including details on parks, trails, and green spaces throughout the city. The map is available online and is a valuable tool for residents and visitors alike.

8. Clifton Mansion: a historic mansion located in the heart of the neighborhood. The mansion is an important example of historic architecture and serves as a reminder of the city’s rich cultural heritage.

9. Lake Montebello: a large lake that provides opportunities for fishing, boating, and swimming. The lake is connected to Lake Clifton Reservoir, which serves as a source of water for the city.

10. Clifton City Farm: a community garden that provides fresh produce to local schools and community centers. The farm is a hub of activity throughout the year, hosting events such as festivals, workshops, and community meetings.

11. Baltimore Green Map: a comprehensive resource for environmental and educational information, including details on parks, trails, and green spaces throughout the city. The map is available online and is a valuable tool for residents and visitors alike.
